FLAMINGO

Holland Inc.

Our Mission Statement:

*"To be innovative and bring inspiration to our customers with quality plants."
Everyday, we strive to live up to this commitment.*

Flamingo Holland has been in business for over 65 years, and while business is everchanging, it is time now to recenter and focus on the product line that brought us here today: Bulbs. While the company has undergone multiple changes in the past year, we remain strong and centered with our product offering and are happy to have one main product group to have the expertise in providing you with the best experience possible.

We strive to have the utmost quality with our bulb services, supplying bulbs domestically from Vista, CA and Edison, NJ. With our unique ability to store bulbs in our own state of the art coolers, we find our efficiency and turnaround time to be incomparable, providing you unmatched service no matter the location of your greenhouse.

Now, if we can just get the harbors and shipping dock delays to agree with us...

Wishing you a prosperous and rewarding 2022-2023 season and beyond!
